Iqbal. (TOI Photo)

After months of staying away from the media glare, Iqbal Khan was spotted at a movie with wife Sneha.

The actor after quitting Ekt Kapoor's serials *Karam Apna Apna* took a long time to decide about his next project.

Unfortunately for the actor *Chooa Hai Aasman*, his next project, wasn't liked by the audience and the actor too was said to be unhappy with the way the show was progressing.

So, he quit it! It's good to see him back on the party circuit. We hope we see more of him on TV too.
