

Hottest accessory

I am not much into it. I ensure that I have a wallet and watch with me. They were gifted to me by Sneha, which make them special.

Classiest attire...

For me, it's being simple that works. Sneha, however, disagrees, which is why she is in-charge of my wardrobe (laughs)

What's the most romantic thing you've done?

It was Sneha's birthday and I hadn't started working then and was broke. I had got some cheap party buntings, shimmery lamps and decorated my room. When I look back, it's the best I could do, but she loved it because she felt special that I did something like this for her.

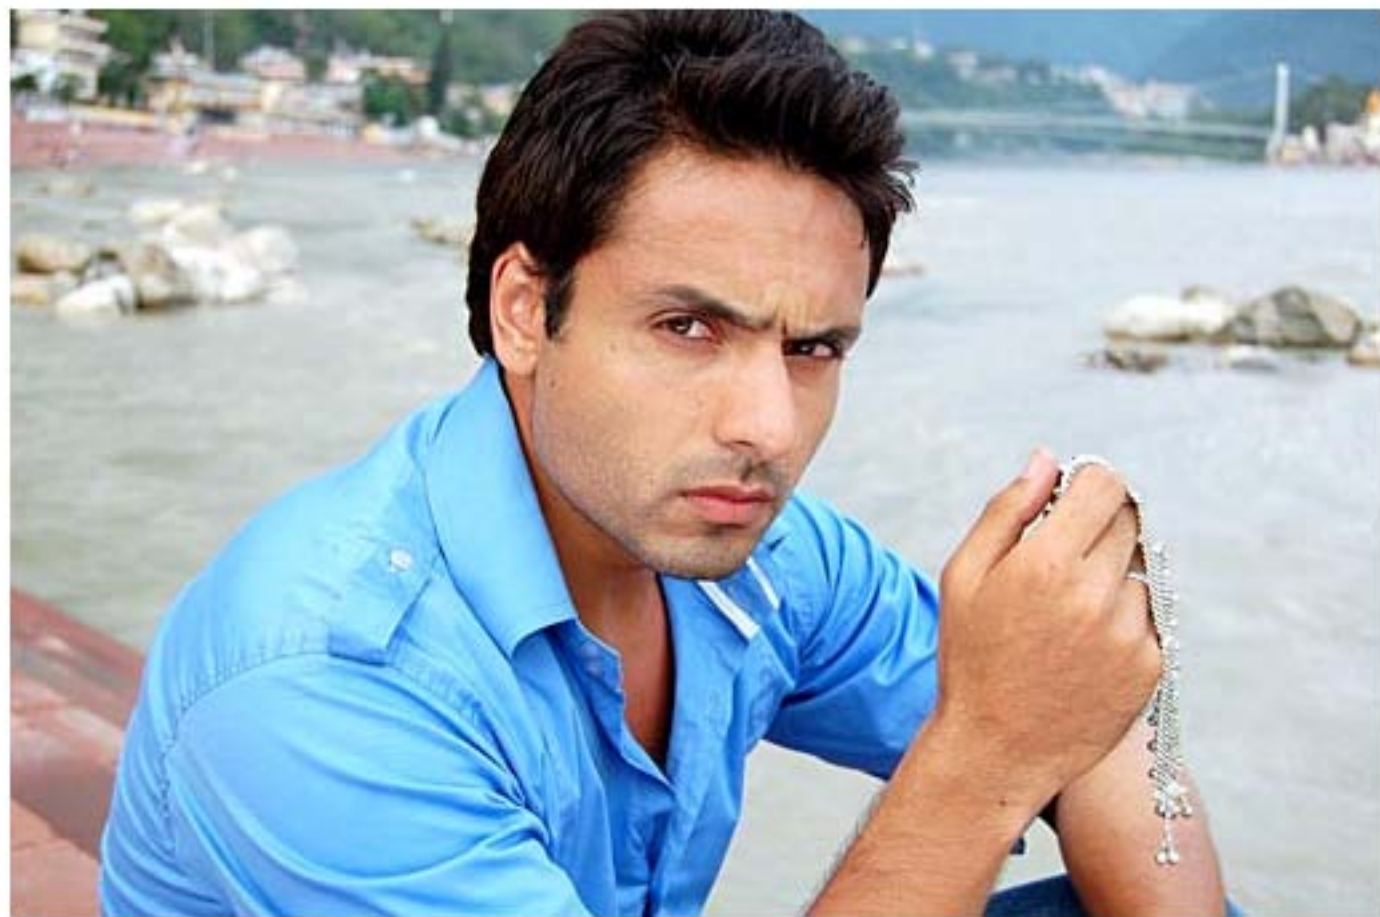

The cheesiest line ever used at you...

"Apne biwi mere liye chhod do" is a common pickup line I get . Earlier I'd get irritated, but you get used to it over a period of time. Now I just laugh

Ideal clothes...

Usually Sneha decides what I wear, but if I chose something it's a pair of jeans and a tshirt

Your opinion on Infidelity ...

I don't support it. I think hurting a loved one is a horrid thing to do.
