9X to launch a gripping show on supernatural stories on weekends at prime time Sambhav Kya? Friday-Saturday 10 to 11 pm Starts Friday, 10th October 2008 The INX Network's popular Hindi General Entertainment Channel 9X is all set to add even more variety to its weekend primetime band. Starting Friday, the 10th of October, Sambhav Kya? will air from 10 pm to 11 pm every Friday and Saturday. Produced by Siddharth and Antara Kak's Cinemavision, Sambhav Kya? explores the ambiguity and mysticism of the supernatural to create an engrossing show based on folklore and legend. The stories are held together by powerful narration, by the show's host, popular television star Iqbal Khan. Indrani Mukerjea, Founder & CEO INX Media, said, Sambhav Kya? has been designed to add variety to our weekend prime time. We expect our audiences to respond well to the suspense and supernatural stories hosted by renowned TV celebrity, Iqbal Khan. With Kya Dill Mein Hai and Chak De Shehar Di Kudiyan Te Galli De Gunde, Sambhav Kya? aims to ensure compelling weekend viewing on 9X. Veteran television producer and presenter Siddharth Kak, Chairman Cinemavision, says, I am delighted to be associated with 9X. What makes Sambhav Kya? a unique and gripping show is the thriller element in the stories, which are based on real incidents, and which will prove the adage: 'Truth can be stranger than fiction'. What adds to the show's dramatic appeal is the suspense elements that host Iqbal Khan builds throughout. He brings a special intensity to his presentation, and when this intensity combines with the intrigue, it takes the show to an entirely different plane altogether. Says Iqbal Khan, I have always tried to be different in all the shows that I have done so far, Sambhav Kya? is a welcome change as I will be hosting for the first time. It's in a different league altogether. What drew me towards this challenging role of host is the fact that it suits my personality and also the stories I narrate are very interesting. Watch out for some spine-chilling supernatural stories powerfully told, which will make you think: Sambhav Kya?
