Iqbal Khan

Television's ace producers Shashi and [Sumeet Mittal's](#) next show on Life OK has got its final title.

While a certain section of the media is busy speculating the title of the show and has been calling it *Navvidhan*, we can now tell you that the confirmed title of the show is [Tumhari Paakhi](#).

The show stars [Iqbal Khan](#) and [Shraddha Arya](#) in the lead. The same production house is currently producing small-screen's top-rated show, *Diya Aur Baati Hum*, on Star Plus and

*Punarvivaah — Ek Nayi Umeed* on Zee TV. The show also features [Sachin Shroff](#), [Ritu Vij](#) and [Rishi Khurana](#). A love triangle, it will have a Rajasthani backdrop.

Confirms Sumeet, "There was a lot of brain-storming on the title as it's important for any show. My motive was to give a meaning to the story through its title. So, we chose *Tumhaari Paakhi* because it is about the hope which gives [Paakhi](#) the strength to wait for the love of her life."
